This must also be available on the day of any inspection that may take place. **Please submit your RAMs to the Circuit at the time of booking.**
2. Traders must comply with all trading legislation. Castle Combe Exhibitions Ltd will not be held responsible if any trader is found to be in breach of said legislation.
3. Exhibitors must remain within their allocated area. No part of their stand or display may extend beyond this area—no drilling or pegging into the tarmac.
4. Trailers should be parked in the allocated area, not on the Trade Stand site.

6. There is no electrical supply to the Trade Stand area. Diesel generators are permitted on the understanding that they are used and stored safely.

In such circumstances, non-performance, part performance, or delay in performance of the duties of Castle Combe Circuit shall not entitle the exhibitor to claim damages of any kind, whether direct, indirect or consequential.

Track Sessions Cars must be to MOT standard to be eligible for the general sessions. However, the scrutineers reserve the right to refuse any car track time, which, in their opinion, does not confirm our general regulations. Please also ensure that your car is eligible for the day's theme.
Sound Limits. Your cars will be tested before going out on the circuit. All vehicles using Castle Combe Circuit must be sound tested *before* they go out on the track. The limits are enforced throughout the day and are set at 100d(b)A measured at 4500rpm on a static test with the sound metre set at 0.5m from the exhaust outlet. Even if it is road-legal, your car will not be allowed on the circuit if it does not meet these requirements. Sound checks can be carried out before purchasing Track passes and Merlin Motorsport here at the Circuit offering a range of bolt-on "Silencing Accessories" if required on the day. **Slicks are strictly prohibited** on the track. If you are on your way, you must ensure your tyres have tread on them. If not, you will be denied access to the track.
